CULTURE

ISMs

The philosophies we live by that drive our decision making at the Rock Family of Companies. They are who we are, not what we do.

Always raising our level of awareness.

The inches we need are everywhere around us.

Responding with a sense of urgency is the ante to play.

Every client. Every time. No exceptions. No excuses.

Obsessed with finding a better way.

Yes before no.

Ignore the noise.

It's not about who is right; it's about what is right.

We are the "they."

You have to take the roast out of the oven.

You'll see it when you believe it.

We'll figure it out.

Every second counts.

Numbers and money follow; they do not lead.

A penny saved is a penny.

We eat our own dog food.

Simplicity is genius.

Innovation is rewarded. Execution is worshipped.

The packaging is just as important as the contents.

Do the right thing.

"An investment in knowledge pays the
best interest."
Benjamin Franklin
